TODAY'S PROGRAM

Mayor Mike Simpson
The State of the City Address

NEXT WEEK

Celeste Faro, Executive Director
North Collin County Habitat for Humanity

Just Last Week - The Meeting of March 27, 2008

Amber Horn's Casting Connection will allow adult and children actors in the North Texas area the opportunity to further their television and film careers by learning closely from casting director, Amber Horn. Several times a year Amber brings in one of her industry colleagues to host weekend workshops with her students currently enrolled in workshops at AHCC. Amber is a member of the Casting Union, Local 399; and follows the guidelines set forth by the State of California regarding Casting Director workshops. Amber has been working in Television and Film in Los Angeles for several years. She graduated with a Film Production / Bachelor of Arts degree from Southern Methodist University in Dallas, Texas. Amber has worked in feature film development, television production, film production and television and film casting while in Los Angeles. She worked in casting on several television shows, feature films, and television pilots. A few credits include: "The Comebacks" – 20th Century

Fox; "Employee of the Month" – LionsGate Films, "Dead Silence" – Universal Pictures, "Close to Home" – Bruckheimer TV & Warner Brothers TV. Also, for the last few years Amber has helped

the casting on several projects at Fiorentino, Mangieri, Weidman Casting, including "Cold Case" – Bruckheimer & Warner Brothers for CBS; "Dirt" – Coquette, FX; and several other TV pilots and feature films.

Amber is also one of the most sought after casting professionals to guest lecture and teach at various acting schools and acting workshops around Los Angeles. She has taught over 150 'Casting Director Workshops' at over 30 different acting schools, studios, and seminars over the past three years. Amber's students are always commenting on how refreshing, uplifting and honest she is in a "sometimes brutal industry." Amber has discovered many new faces and talent in her workshops, that have gone on to book co-starring and guest starring roles in many of Amber's television and film projects. She has also connected several new unrepresented actors with great agents and managers that have gone on to have very successful business relationships for both parties. Also, Amber's casting colleagues in Los Angeles recently stated how thrilled they are for Amber to connect North Texas talent with current television and film projects they are casting in Los Angeles.

Real Deep Thoughts
Shared by
President Marvin Jolly

We make our decisions, and then our decisions turn around and make us.
-R.W. Boreham

"Just because swans mate for life, I don't think it's a big deal. First of all, if you're a swan, you're probably not going to find a swan that looks that much better than the one you've got, so why not mate for life?"
